

Morningside Recycling Project

What: we recycle

Aluminum Pop & Beer cans (only)

Where: a large recycling can is located in the hallway outside the kitchen at the Clubhouse

Why: money that is awarded for cans from the recycling center is used to keep the cost of soda, water & coffee at the Clubhouse low.

How: bring rinsed and crushed cans in bags to the clubhouse and place in the recycling can.

Together we “can” do great things!!!

Coordinator: Jon Haag
